

HQD™ - Helwig Quick Disconnect

Replace standard terminals for faster, easier brush changes

- Save time and money with a one time purchase and installation
- Perfect for hard to access brushes and time critical brush changes
- Stays on in the toughest conditions
- Safe and secure electrical connection

Fast, Easy Brush Changes Reduce Downtime

Changing carbon brushes is a snap with Helwig Quick Disconnect (HQD™) Terminals and Mounts - no screws to remove or replace.

Once the HQD™ Mounts are installed, HQD™ Terminals take just seconds to change. Simply pull the HQD™ Terminal off of the Mount, replace the brush with the new one, and push the HQD™ Terminal back on.

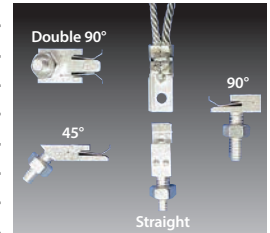

Perfect for Hard-to-Access Brushes or Sensitive Brush Changes

Delays in brush replacement may result in motor damage. The HQD™ makes brush changes quick and easy for hard-to-access brushes, eliminating excessive downtime.

Positive Locking for Secure Contact

HQD™ Terminals and Mounts snap together with a positive locking action. Guarantees a safe, secure electrical connection - handles up to 200A. Available in straight, 45° or 90° configurations.

Size	Style	Order #
1/4-20	Straight	07.001420.1.01
1/4-20	45°	07.001420.2.01
1/4-20	90°	07.001420.3.01
1/4-20	Double Straight	07.001420.4.01
10-32	Straight	07.001032.1.01
10-32	45°	07.001032.2.01
10-32	90°	07.001032.3.01

Holds on Tight in the Toughest Conditions

The HQD™ has been proven in the field for over 45 years. It's tight, positive connections hold fast and keep working under the toughest conditions, where standard connections loosen and fail.

Styles and Sizes to Fit any Existing Equipment

HQD™ Mounts can be threaded to fit all types, sizes and brands of brush holder and equipment. The mounts are ready to install; no modifications are needed.

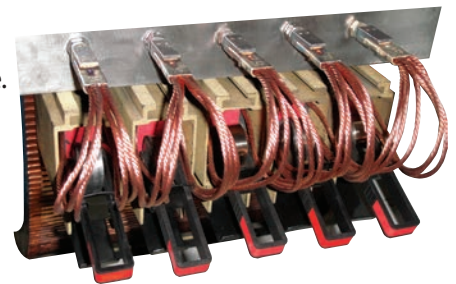

To order, just provide the style and thread size.

Many standard sizes are in stock.
