

COMPANY PROFILE

ENGINEERING INNOVATIONS SINCE 1928

helwigcarbon.com

MISSION STATEMENT

We provide expertise and carbon-related solutions for sliding electrical and mechanical applications in a global market. As a diverse, faith-minded organization, core values guide our actions and shape our culture. This allows us to provide our customers with positive experiences, high quality products & services, and genuine overall value.

CORE VALUES

- ★ Responsiveness to Customers
- ★ Collaborative relationships with Customers, Employees and Suppliers
- ★ Honest & Integrity
- ★ Continual Improvement
- ★ Technical Excellence

Walter O. Helwig
Founder
1900-1985

Our Process – High Standards for High Quality

Helwig Carbon Products, Inc. prides itself on bringing you products of the highest quality with the tightest tolerances, strictly adhering to ISO standards. To ensure accuracy and consistency, we have a secure vertical integration with Speer Carbon® to provide world-class carbon and graphite materials for sliding electrical and mechanical applications. We rely on custom machining, highly experienced manufacturing technicians, and innovative industrial engineering techniques to promote continuous improvements. Our Team works tirelessly to meet your application's unique challenges.

130,000 sq foot Corporate and Manufacturing Facility

Our People – A Team of Experts

Helwig Carbon Products, Inc. is a pioneer in the DC motor-generator industry and has been so, since 1928. With specific experience, we can offer extensive knowledge to any application to provide you with collaborative, custom engineered solutions. Our 300 proud employees represent Helwig Carbon Products with the utmost determination, integrity and responsiveness to serve our customers.

FAMILY OF PRODUCTS

- Carbon Graphite
- Graphite
- Electrographite
- Copper Graphite
- Silver Graphite
- Molded

Brush Holders

- Industrial, Slip-Ring, Turbine, Multiple Box
- Cast (High Volume) or Machined
- Springs Assemblies
- Brush Wear Indicators
- Helwig Quick Disconnects

Shaft Grounding System

- Bearing Protection Kits™
- BPK-Probe™
- MultiFit Brackets

Carbon Graphite Components

- Vanes & Rotors
- Seals, Rings, & Steam Joints
- Bearings & Bushings

Collector Shoes & Sliding Contacts

OTHER PRODUCTS:

- Brush Holder & Spring Clip Rebuilds
- Motor Maintenance Tools
- Cooling Blowers, Tachometers, Encoders
- Braided Cables & Grounding Straps
- Replacement Filters
- Garnet Paper

HELWIG CARBON ADVANTAGES

- The North American leader in sliding electrical contacts
- Extensive experience with field service and support
- Expert problem diagnosis and technical recommendations
- Custom engineered solutions for superior equipment performance and life

- Dedicated & knowledgeable Customer Service team
- Technical support for design & application engineering
- Major motor OEM approvals
- Over 1000 SKUs in stock for next-day shipping

Industries We Serve

Helwig Carbon strives to meet the unique requirements of our many targeted industries.

- Motor Repair Shops
- Steel & Metal
- Aerospace
- Traction & Transit
- Wind Energy
- Hydro Power
- Elevator
- Food & Beverage
- Power Tool
- Maritime
- OEMs
- Manufacturing
- Medical
- Lifts & Cranes
- Mining
- Pulp & Paper
- Distribution
- Oil & Gas
- Home Appliances
- AND MANY MORE!
